DETAILED ACTION

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2 May 2005 has been entered.

Allowable Subject Matter

Claims 1-7,10 and 13-23 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: The best prior art of record discloses a device comprising many of the features disclosed in claims 1,2 and 13, including a seed layer comprising a plurality of laterally separated sections. However, the prior art fails to teach or fairly suggest a device comprising a seed layer including a plurality of laterally separated unconnected sections, as claimed in claims 1,2 and 13. Claims 3-7,10 and 14-23 are allowable by virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
